Election Judges

**INSTRUCTIONS TO JUDGES.** Two Judges are to fill out the two Poll Books, each independent of the other. When the elector has voted his ballot and has brought it back for identification and to have the stub removed, the two Judges shall write the name of such person, along with the ballot number, in the two poll books. After you have had 99 electors vote it will be necessary to prefix the printed numerical numbers in the poll books so that they will be numerical, continuing as 100, 200, etc.

A memorandum shall be made in this book of every instance when an Oath has been administered to a voter who requires assistance such as illiterates, blind or disabled voters or those not speaking English.

Fill in and sign certificate above, including the total number of votes cast. Both Poll Books should match in all respects if properly filled out.
